

## Fundraising and Events Team Lead

**We are looking for individuals to help fundraise for Rescue Lake Simcoe by leading fundraising events. This includes attending community markets, product sales, planning our 20 year anniversary in 2023, and more.**

The Rescue Lake Simcoe Coalition was formed through the coming together of founding groups in 2003. The founding Directors saw that if Lake Simcoe's health were to improve, empowered and informed people would need to be part of the answer. Education and empowerment of local groups is the way we make a difference. We have 29 groups in our coalition. We focus on promoting dialogue between citizens and their governments around the lake. By sharing information and opportunities for collaboration and action, we learn what is relevant, and work together towards important goals. Our most recent work has been to inform and engage Lake Simcoe watershed area residents and politicians on the topics of the environmental impacts of the Bradford Bypass, urban sprawl, Bill 23, and cuts to the Greenbelt. Learn more about our work at [rescuelakesimcoe.org](http://rescuelakesimcoe.org)
